FRIDAY JULY 14th 1944

NUMBER 19

Local Rotary Committee Named For Year

Monday was re-organization day at Rotary and no program was given. E. E. Jensen, the incoming president took over from Dr. Jack Madill immediately past president and after the luncheon and a few songs, presented the following lineup of committees for the coming year:

President—Ernie Jensen.
Vice-Pres.—Tommy Roberts
Sec. Treas.—Rol Stone.
Directors.—Jack Madill, Dolph Wing, Tom Wood, Jim Meeks.
Club Service Committee—Tommy Roberts Chairman.

Program Committee—Lee Brewerton and Mose Fromm.

Fellowship and Attendance—Warren Jones and Alma Hancock.
Classification and Membership—S. J. May and J. W. Evans.

Rotary and Public Information—Art King and Louisa Brandley.
Vocational Service—Dolph Wing.

Community Service—Tom Wood.
Youth—Orvin Hicken and Jack Madill.

General War and Post War Work—Tom Wood.

Sports Promotion—Hedley Allen.
General Community Work—Frank Taylor and Nels Peterson.

International Service—Jim Meeks and Henry Piepgrass.
Song Leader—S. J. May.

NEWS NOTES

Fred Ralph is improving steadily following his recent appendicitis operation.

Jack Ralph has been on crutches for the past ten days as the result of a horse falling on him. He is making steady improvement.

Word has been received here that Rena Mitchell has been promoted to Sergt. Major in his regiment. Congratulations to Rena.

C.C.F. meeting is called for the Opera House on Saturday next. We understand an effort is to be made to get a C.C.F. candidate in the local riding. It was discussed in Warner last Monday but held over for future consideration.

Town Council Meeting

The Town Council met in regular session Monday evening and took care of the accumulated business of the past month. The minutes were read and passed and the pay roll passed and ordered paid.

Frank Taylor was present re road passing the stockyards, and it was decided to cut off the corner that now exists and take the road almost straight through north and east to the Club house corner. This will make a decided improvement in this piece of road.

The water question was discussed at some length as a result of numerous complaints about pressure and also the taste of the water. No final definite could be arrived at but it was the sense of the meeting that the whole water system should be studied with a view to increasing pressure as much as possible and also overhauling the filter to make it work faster and filter better.

One of the best pieces of news from the meeting was the announcement that all debentures owing by the Town had been retired, a saving in interest of about \$2,500 being made by it. This included debentures on sidewalks, water system and the Town Hall, some of which would not have matured until 1951. We can congratulate the Council on this little feat and we are sure that every ratepayer will join with us in these congratulations.

WEDDING BELLS

WITBECK — HEGGIE

Miss Nora Heggie, daughter of Mr. and Mrs. Geo. S. Heggie, and Bill Witbeck, were united in marriage in Lethbridge last week. Both have been working in the Sugar Factory. They are honeymooning in Waterton Park. Lacking details we can't say more, except to wish them joy and happiness in their married life.

HAGUE — MACDONALD

First United Church was the scene of a pretty wedding on June 28, when Rev. R. Magowan B.A., united in marriage Agnes McIntyre, daughter of Mr. and Mrs. J. W. MacDonald and Corporal Kenneth Hague, son of Mrs. Wm. Hague and the late Mr. Hague of Raymond.

To the strains of the wedding march from Lohengrin, played by Mrs. J. Freck, the bride entered the church on the arm of her father who gave her in marriage. Lovely in a white floor-length gown of triple sheer cut in classic lines, she wore a long veil which fell from a coronet of pearls and carried a shower bouquet of Tallman roses and sweet peas. Mrs. G. A. Fozard, sister of the bride, matron of honor, wearing a net gown in peach tones with lace jacket and chapel veil. She carried a bouquet of carnations and corn flowers.

The groom was supported by Mr. G. A. Fozard. Ushers were Mr. A. K. MacDonald and Mr. A. E. Hague.

During the signing of the register, Miss Dianna Withgate sang "This Day is Mine."

Immediately following the ceremony a reception was held in the garden at the home of the bride's parents. Guests were received by the mother, of the bride who wore a Queen's blue ensemble with white accessories and gardenia corsage, and by Mrs. D. H. McTear, sister of the groom wearing a floral jersey dress with tan accessories and corsage of roses and sweet peas.

The bride's table was attractively decorated with a basket of garden flowers and centred with a three-tiered wedding cake. Mrs. James Gordon presided at the tea table. Assisting in serving were the Misses Annie Mackie, Doreen Mossey, Margaret Mossey, Vivian Glenville, Betty Charles, Mrs. P. Hanuk and Mrs. J. Lowther. Rev. R. Magowan proposed the toast to the bride, to which the groom responded.

The bride and groom left to spend a honeymoon at Calgary and Waterton Lakes. For traveling the bride chose a powder blue suit with navy blue accessories.

Out-of-town guests at the wedding included Mr. and Mrs. A. K. MacDonald of Claresholm; Mr. and Mrs. Wm. MacDonald of Herrington; Mr. and Mrs. J. Gordon of Calgary; Mr. and Mrs. D. H. McTear of Balmora; Mrs. L. McDonald of Edmonton; Mr. W. Hague of Picture Butte; Mr. and Mrs. A. E. Hague, Mrs. B. Hague and Mr. and Mrs. B. V. Henning of Raymond.

The happy young couple will reside in Ottawa.—Leth. Herald.

Irving H. and Douglas, sons of Mr. and Mrs. J. D. Hall of Portland, Ore., arrived in Raymond Tuesday for a couple of weeks visit.

P. O. Nepht Head, stationed at Macleod, spent the week-end with his sisters, Mrs. J. E. Anderson and in interest of about \$2,500 being made by it. This included debentures on sidewalks, water system and the Town Hall, some of which would not have matured until 1951. We can congratulate the Council on this little feat and we are sure that every ratepayer will join with us in these congratulations.

Fellow, we appreciate those personal items of friends or relatives visiting or trips you make here and there. These are what make interesting reading, and you could do it so easily. Will you help?

Mackinnon Visits Sugar Factory, McIntyre Ranch

Two of Southern Alberta's major industries were inspected Tuesday by Hon. James A. Mackinnon, minister of trade and commerce, and both of them made a strong impression on the visitor.

He visited the large beet sugar factory at Raymond as a guest of T. Geo. Wood, district manager of Canadian Sugar Factories, and then spent a few hours on the vast W. H. McIntyre ranch south of Murgath.

Wednesday morning the minister went to Macleod to meet with the executive of the Liberal association of that federal riding.

Accompanied by a number of leading citizens of Lethbridge, Mr. Mac

Kinnon examined the sugar beet industry from farmers' fields right through to the storage bins which contain the sugar.

He watched workers tilling in beet fields and studied progress of the beet crop. Then the minister inspected the refining plant.

He was surprised at the vastness of the McIntyre ranch, one which covers more than 70,000 acres and which is recognized as the largest ranch in Canada. Mr. MacKinnon was also pleased with the excellent quality of livestock on the ranch.

—Lethbridge Herald.

Decoration Day Sunday

Next Sunday, July 16th has been announced as Decoration Day at the local cemetery. All people will be asked to bring flowers to the graves of our "silent city." If everyone would assist now in locating and marking all graves there, so there would be no infringement of one lot into another, it would greatly assist the committee and would make the beautification program that better than it has ever done quite much easier.

Lions Club Meeting

The Raymond Lions Club held their regular meeting in the Sugar Bowl with Pres. Mutt Ralph in the chair.

The meeting opened in the usual manner with prayer being offered by Golden Snow.

The directors had held a special meeting appointing the chairman of the different committees, whose names were read to the members.

Bert Powelson and Jack Lyberty were present as visitors. Bert expects to become a member of the club.

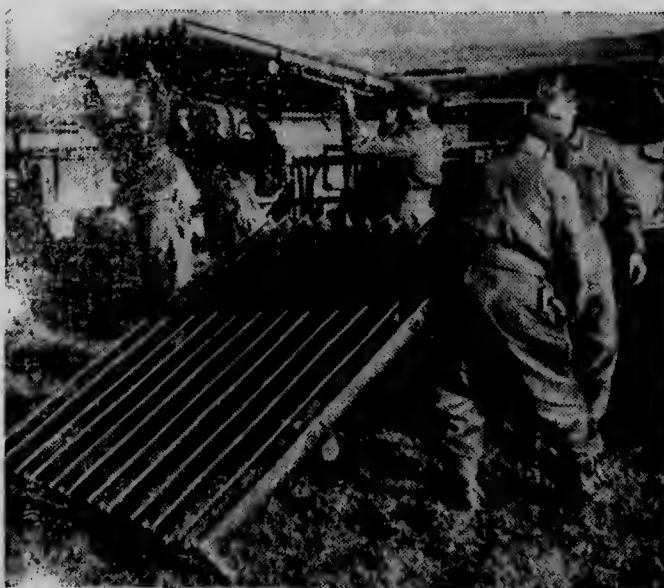

The Club decided unanimously to ask the Town Council to see if some thing could be done to improve the drinking water.

Community singing was then enjoyed by the members after which they retired to the ball park to play Soft Ball.

Mr. and Mrs. Geo. Court have received word that their grandson Ted Court has been wounded in action in Italy in the recent fighting.

Mr. and Mrs. E. E. Jensen left on Friday on two weeks vacation from the Treasury Branch. Knowlton Keall, former accountant here and now of Cardston will be Relief Manager while "Ernie" is away.

Britain's Latest Anti-Aircraft Weapon: The Rocket Gun

For some time past Britain's newest anti-aircraft device, Rocket guns, have been in action against the Luftwaffe. These guns, revolutionary in design, are the result of years of experimenting by scientists in London. First tests were made recently in Jamaica. Londoners are now familiar with the sound of guns, have been in action against their projectiles which rocket into the sky with a terrific rushing noise. Picture shows: Multi-barrelled Rocket guns are unloaded from lorries and erected for firing.

Buy Your Hospital Bond Now

MONARCH GRAIN ELEVATOR BURNS

The Ogilvie elevator and annex were destroyed by fire last evening and along with them 30,000 bushels of wheat stored in the annex. It is thought lightning started the blaze. Clarence Rempie, elevator agent, was away on holidays at the time. Smoke was first seen issuing from the elevator about 7:30. An alarm was sounded and volunteer fire fighters did what they could but were hopeless against the fast-spreading fire. It was feared the C.P.R. station might take fire but the flames were confined to the Ogilvie property.—Lethbridge Herald.

M. D. Council Meeting

The Municipal Council of Sugar City met in regular session Tuesday and according to the Secretary had one of the lightest agendas they have had since the organization of the big unit.

The business of the month was taken up including reports from the road workers in the district and the weed inspectors. The accounts of the month were passed and ordered paid. Everytag throughout the district seems to be in first class shape. The next meeting will be held Wednesday August 9th.

NEWS NOTES

Elmer Rust has been enjoying a visit for a few days from his two brothers who reside in Manitoba.

Mrs. Phyllis Miller left Lethbridge Wednesday evening for Montreal Que., where she will join her husband Victor, Miller who is in the Navy at St. Hyacinth, Que.

Mr. and Mrs. A. E. Hancock, Mr. and Mrs. Franklin Smith and children, Mrs. S. B. Smith and daughter Madeline were at the Temple on Wednesday afternoon and evening.

Mrs. S. B. Smith received word this week that their son Thurston, was now a Pilot Officer in a recent promotion. Thurston and Sid had also been together in England, Sid recently going over from training in Eastern Canada.

Mrs. Shortliffe received a telegram Wednesday from her husband advising her that he was in Ottawa and would arrive in Edmonton on Saturday. It was a great surprise to Mrs. Shortliffe who had no previous indication that he was returning from overseas.

Mrs. John F. Salmon and Jas. H. Walker, have been enjoying a visit from their two sisters, Meadames Hansen of Chicago and Rigby of Salt Lake City. On Wednesday Mr. and Mrs. Salmon, Mrs. J. H. Walker and the two visiting ladies attended Temple sessions at Cardston.

Howard Hamling of Tynell's Lake spent the last half of the week here getting a pump built for watering their stock in the Skiff district. The pump will lift the water out of King's Lake and empty it in the Coulee which will take it lower down to the creek watering dams.

Jack Coombs of the R.C.A.F. who has been overseas, is back in Canada now and will be posted to instruction work according to word received by his sisters Mrs. Irene Smith and Mrs. Hilda Larson. They are expecting a visit from him if he has a sufficiently long furlough.

A meeting of the Hospital Board was held last Tuesday evening and routine business was taken up. A report of purchases showed that all equipment, so far as is known will be delivered on schedule, some of it being in Lethbridge now. An inspection of the cement work was made and the Board expressed satisfaction with the progress made. Chairman Moreland was authorized to proceed with the ordering of the linens and bedding for the establishment.

The debentures have been returned by the Department of Health, and the sale of them has now started. Both banks have them for sale, and all you need do is ask for the amount you want. Secretary Dean Rolfe is also selling them. We might say that these bonds will pay five per cent interest and are guaranteed by the District and the Province so that your investment is safe and besides making a good return on your money you will be assisting getting hospital accommodations for all of us. Make your slogan today "Buy a Bond."

GLIDER FOW-PLANE DOWNS NAZI CRAFT

London, July 7—The R.A.F.'s airborne squadrons scored their first victory over a German plane when WO. Bob Johnson of Edmonton, gunner on a glider-towing Albatross, shot down a twin-engine night fighter over occupied Europe Wednesday night.

As he came at us I opened up at 600 yards but fired wide," said Johnson. I closed up again at about 400 yards and for a second two streams of tracer, his and mine, crossed. There was a flash of flame as he fell away and hit the ground ablaze.—Calgary Albertan.

Bob is a brother of Mrs. Madill who took part of his high school in Raymond.

ATTENTION: NEXT OF KIN

The Director of Records, Army, Ottawa, has sent out a special request asking for the co-operation by the next-of-kin of Canadian soldiers serving overseas in notifying his department of changes of addresses, particularly vacation time movements.

It is pointed out that during the summer months many Canadians leave their department addresses for summer homes or resorts. If no forwarding address is left, telegraph companies encounter difficulty in making deliveries of casualty telegrams.

It is further pointed out that next-of-kin be requested to always mention the rank and full christian name of other ranks, in addition to the surname. This facilitates matters in checking the enlistment cards of a particular name to find the name of a soldier.

Independents Organize

A meeting of supporters of the Independent party was held in the Opera House Tuesday night with a good attendance present.

Officials of the executive were chosen as follows: Pres M. T. King Vice-Pres. S. B. Card. Sec. Treas. J. W. Evans. Delegates were also chosen for the Independent Nominating Convention in Warner on July 1st, and arrangements are being made now for this convention.

Jas. H. Walker, M.L.A. and Party Leader was present and addressed the meeting on the Independent platform and plans for the coming election.

POLITICS GOING

It is a good idea to know the services offered by your OWN TREASURY BRANCHES of the Government of Alberta.

Savings accounts, for example, are made available in three forms. For those who deposit savings regularly... there is the "DEMAND SAVINGS" plan... for those who wish to leave savings on deposit for a period of time... your TREASURY BRANCHES offer the "SIX MONTHS TERM SAVINGS ACCOUNT" and "TWELVE MONTHS TERM SAVINGS ACCOUNT."

You'll find it pays... in satisfaction... and profit to do business with your OWN "Treasury Branches," and that's a GOOD IDEA!

There is a reason for this. While we sometimes wonder if it is true we are a part of a great democracy. Our elected representatives do about what we as the court of last resort want them to do. True, we have seen efforts on the part of provinces, stopped by higher courts, but after all these higher courts are the work of our hands, and are doing what we have instructed them to do. A government lays its platform and has the best of intentions to carry them out. However, they some-

times discover that as a part of the great whole which makes up Canada, their program cannot be carried out so it is modified to the point where it can be made to work. Then opposition speakers brand them as failures and bars for not carrying out their promises. And so it goes.

It seems that a coalition of all parties, men and women, interested in the welfare of the country, individuals who would consider things in their true light and not be influenced by pressure from a few who are so thick they are big shots, could do a great deal in these times to give the people a good sensible government for the benefit of all. There is no question but what change must come. Whether in the financial system, the relation between employer and employee, the social strata or just where we can get by. Certain as we are that a change must come can we be big enough and wise enough to accept it in good part, take our place even if we feel a little squeezed or out of place, and let that legislation which will be of the greatest benefit to the greatest number take its place in our lives.

There are a few fundamentals that any individual or any party should work unceasingly to obtain. Amongst these are free medicine for everyone including hospitalization; free schooling including college matriculation for all who desire it; security for old age other than compulsory saving or pensions; security for those who take up farming with a guarantee of prices for primary products year after year and protection from banks and mortgage companies when circumstances make payment of principal and interest impossible. Any worthwhile representative should work for these.

NEWS NOTES

B. M. Jensen, Manager of the Treasury Branch was a Lethbridge business visitor on Wednesday.

Geo. H. Brewerton was a business visitor in Calgary the first part of this week.

Lee Brewerton, Lee Stone, Lincoln Wood and Fred Turner spent the week-end in Waterton Park returning home Tuesday evening.

Mr. and Mrs. Max Heagle of Vancouver Island, are spending a vacation with relatives here and in Angerath.

Pres. Franklin D. Roosevelt has accepted the Democrat nomination for a fourth term as President in the coming November elections. Reportedly against his own personal wishes he said he felt he was as much duty bound to carry on if the people wished it as a soldier in the service of his country.

A Lions Club was organized in Warner the first of the week with Phil Baker and Paul Moreland as leading Wm. Holtheim in the organizing. The organization will be held tonight and Charter Night and the presentation of the charter will take place July 27th.

Mr. and Mrs. Ken Hague, who were married in Lethbridge last week spent the week-end with relatives here. Mrs. Hague returned Monday but Ken remained here until Tuesday. The happy young couple will make their home in Ottawa and the best wishes of the community will attend them in their going. Mrs. Hague is the former Miss Agnes MacDonald who worked in the Bank of Montreal here.

It's a good idea to know the services offered by your OWN TREASURY BRANCHES of the Government of Alberta.

To Save!

Savings accounts, for example, are made available in three forms. For those who deposit savings regularly... there is the "DEMAND SAVINGS" plan... for those who wish to leave savings on deposit for a period of time... your TREASURY BRANCHES offer the "SIX MONTHS TERM SAVINGS ACCOUNT" and "TWELVE MONTHS TERM SAVINGS ACCOUNT."

NEWS NOTES

Ed. Earl Crawford of the Tank Corps spent a week-end leave in Raymond with relatives and friends.

Ted Brewerton of the R.C.A.F. was home on week-end leave. He has finished his basic training and is awaiting posting now for specialized training.

F.O. Dick Kinsey of the R.C.A.F. now stationed out of Calgary a few miles was here over the week-end. Dick has discarded his cane since his recent operation in Eastern Canada, and says the doctors hope to make his foot just about as good as new again. We wish Dick every success in his foot treatments.

Dr. and Mrs. Madill returned home Monday after a brief and pleasant vacation in Waterton Park.

Mrs. J. Adams, mother of Len has been visiting for a week or two with her son and family here.

Wednesday was moving day for Chris Tollestrup when he was transferring his tools and equipment into his new shop.

Monte Palmer of the R.C.A.F. at High River spent a seventy-two hour leave with his parents over the week-end. He returned to his duties on Tuesday.

Cardston's Roden and Race Meet will be on next Wednesday and Thursday, usually a large number of Raymond people take in one or the other of the days in Cardston. They really entertain visitors too.

Waldo "Sally" Ross of Warner, scratched himself into top money in the North American Saddle Horse Riding at Calgary on Wednesday. The semi-finals in all events are on at Calgary today.

Miss Jean Duce of Cardston who is teaching at Coultis was a week-end guest of the L.L. Palmer family going to Coultis on the Sunday bus.

Mrs. Margaret Swanson of Wainwright is visiting for awhile with her mother and other relatives in Raymond.

Tom Roberts has had a crew of men busy this week laying cement in the yard at the back of the Raymond Mercantile store. This will give the store a weather proof loading and unloading space for their Merchandise.

Young members of the ward, visiting at home, provided the 1st Ward program Sunday evening last. The speakers were Mrs. Rosemarie Slov, Mr. Miss Shirley Taylor, Steele Brewerton and Marlan Taylor. Their short talks were enjoyed by everyone.

Dr. Reed Kirkham of the United States Armed Services is spending a brief holiday here with his parents Mr. and Mrs. A. W. Kirkham. Mrs. Frank Leavitt of Vancouver Island is also here for a visit. Both Reed and Verland are looking forward and are enjoying their renewal of friendships here.

F.O. Mahlon Smith, son of C. D. Smith, stationed in Macleod, was operated on last week for appendicitis and on Sunday was in a very critical condition. Latest reports are that he is past the crisis but is still very ill. His father has been with him most of this week.

A very enjoyable meeting was held in the Second Ward Sunday evening when the S. B. Smith family presented a fine program composed of talks, recitations, scripture readings vocal and instrumental music. Frank Lin took charge of the program and every number was thoroughly enjoyed by the large congregation present.

The heavy shower which we had last Thursday evening to break the drought and revive crops, brought hail to sections of the Wilson siding and Readymade districts, some farmers reporting a 100 p.e. hail out. There was also some damage at Welling. Beets hit by the hail will not suffer much according to fieldmen, probably one-half to a maximum of one ton per acre decrease in yield.

NEWS NOTES

Mrs. J. R. Webster, Harold Stevens, S. H. Smith and Floyd Larson were at the Cardston Temple on Wednesday afternoon and evening.

During the past three weeks most of the Sugar Factory staff have been on holiday and will really hit the ball when they get back to work getting the overhaul finished for the start of the annual campaign.

Most of the students attending school at the High School building were turned loose last week to the students writing Departmental exams would be undisturbed in the brain wrecking.

After a very thorough examination the army doctor eyed the tall and very thin recruit in silence.

"Well, doctor," said the recruit at last, "how do I stand?"

"Goodness knows," replied the M.O. "It's a miracle."

INVASION MAKES MORE URGENT THE SAVING OF CIVILIAN GAS!

A Message to Canadian Motorists

THE invasion of Europe has thrown a vast and critical burden upon the petroleum resources of the United Nations.

In the first eight days of the campaign alone Allied aircraft flew 56,000 sorties. Many thousands of oil-burning warships and landing barges are shuttling ceaselessly across the Channel. Tanks, trucks, jeeps, mobile artillery, ambulances, by the thousands, are in action.

The driving power behind all this activity is petroleum—gasoline and fuels drawn from a dwindling crude oil supply. But—there is only so much oil. If existing supplies are to prove adequate, the most stringent economy of gasoline and fuel oil must be practised here at home.

Canada is able to produce only 15% of her own gas and oil needs. The remainder must be imported from the common pool of the United Nations and the bulk of this is shipped here by tankers. Critical manpower is needed to produce our gasoline and oil. Precious lives and precious ships

must be risked to deliver it to our shores.

Invasions, and the difficulties of supply and transportation are not our only problems. Right here in Canada gas and oil are needed in enormous quantities for vital war purposes. The Commonwealth Air Training Plan has consumed as much as 548,000 gallons in a single day. Canada's Navy—expanded since war began from 15 ships to 650—consumes over 2,150,000 gallons every week. Army training, war plant operation, food production, essential trucking—all are huge consumers of gasoline and petroleum products.

Gasoline is ammunition—ammunition of which we have all too little. To waste a gallon of it is a crime against our fighting men.

Answering Your Questions about the Gasoline Shortage

How much gasoline was consumed during the 34 days of pre-invasion bombing? ... More than 200,000,000 gallons.

How much fuel oil does a battleship take in one refuelling? ... Enough to heat an average house for 350 years.

How much fuel does one armoured division consume in every five miles of advance? ... 10,000 gallons.

How many gallons of petroleum products are required to supply the needs of 500,000 European invasion troops for a week? ... Over 25,000,000 gallons.

THE PRINTING PRESS

I am the printing press, born of
the mother earth. My heart is of steel
my limbs are of iron, and my fingers
are of brass.

I sing the songs of the world, the
orator of history, the symphonies
of all time.

I am the voice of today, the herald
of tomorrow. I weave into the warp
of the past the woof of the future. I
tell the stories of peace and war
alike. I make the human heart beat
with passion or tenderness. I stir the
pulses of nations, and make brave
men do braver deeds, and soldiers
die.

I inspire the midnight toiler, weary
at his loom, to lift his head again
and gaze, with fearlessness, into the
vast beyond, seeking the consolation
of a good eternal.

When I speak, a myriad listen to
my voice. The Saxon, the Latin, the
Celt, the Hun, the Slav, the Hindu,
all comprehend me.

I am the fireless clarion of the news
I cry your joys and sorrows every
hour. I fill the dullard's mind with
thoughts uplifting. I am light, know-
ledge, power. I epitomize the con-
quests of mind over matter.

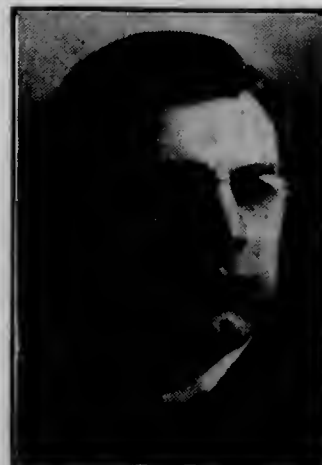

I am the record of all things man-
kind has achieved. My offspring com-
es to you in the candle's glow, amid
the dim lamps of poverty, the splen-
dor of riches; at sunrise, at high
noon and in the waning evening.

I am the laughter and tears of
the world, and I shall never die un-
til all things return to the immutable
duet.

I am the printing press.—Robert
H. Davis.

DAD

Buy War Savings Certificates

At two o'clock in the morning a
lady telephoned the president of a
department store. After much ringing
the man answered with a sleepy and
gruff "Hello"

"This is Mrs. Brown," said the lady
in a sleepy voice. "I just couldn't
help calling you personally to tell you
that the hat I bought at your store
last week is stunning."

"That's very nice," yawned the pre-
sident, "but would you mind telling
me, madam, why you call me at this
hour of the night about a hat you
bought last week?"

"Because," she replied politely,
"your truck just delivered it."

A composite picture of father
shows him to be a combination of
carpenter, electrician, plumber, dish
wiper, furnaceman, chauffeur, teach-
er, gardener, veterinarian, dancing
partner, athletic coach, bottle un-
corker, jar top twister, night head-
waiter to baby, family honour prot-
ector, and last not most important,
breadwinner and financial reservoir.
Be he present or absent, active or
inactive, he is expected to provide
the cash and to provide a pinch-hit-
ter when the day of unpredictable
disaster arrives. And may we add
that he generally gets the neck of the
chicken.

HERE'S YOUR
CHOICE READING
AT NEW LOW PRICES

This Newspaper 1 Yr., And Any Magazine Listed

Both for Price Shown
